Yesterday, Newlands' bobtail four-in-hand came prancing up the street, driven by the famous English whip. This whip had been celebrating the great victory, and was a little wild in his driving. He gave an exhibition of some fancy work in front of the Capitol building and got through with only one accident. The exhibition drew a large crowd.

## HARRISON'S CABINET MEET

### And Discuss the Situation.

#### FOUR ENTRIES FOR SENATOR FROM CALIFORNIA.

#### A Strange Sentence—Twelve Persons Drowned.

Special to the APPEAL

#### Only a Matter of Time.

San Francisco, Oct. 11—News comes from Berlin of a peculiar sentence pronounced upon a workman who murdered two children at Menrappin. It was ordered that he be confined at hard labor fourteen years and then executed.

#### Drowned While Landing.

Constantinople, Oct. 11—A strange accident has occurred at Jaffa, on the Coast of Palestine. Passengers from a steamer were being landed in the surf boat which had twenty-five passengers on when it capsized and 12 were drowned.

#### When the War Was Over.

Washington, Oct. 11—First cabinet meeting since election was held today. All members were present except Elkins and Rusk. There was a general interchange of views on the election.

#### Desired by Four.

San Francisco, Oct. 11—W. W. Foote, Jeremiah Lynch, Wm. H. English and Stephen M. White are in the race for Democratic U. S. Senator from California.

#### California Goes Republican.

San Francisco, Oct. 11—The latest returns show that Harrison has carried California by a small plurality. The State Legislature is safely Democratic.

#### Meyer and McAuliff.

Chicago, Nov. 11—Billy Meyer and Jack McAuliff have signed articles for a six round contest in this city December 10th.

#### The Deputy Clerkship.

Ed. APPEAL—With reference to the Tribune's statement that I am to be Mr. Aube's deputy, I will say:

As a member of the Executive Committee of the Silver Party of Ormsby County, it was my pleasure to assist in the nomination of Mr. Aube to fill the responsible office of County Clerk and Treasurer. Had I not known him to be entirely competent for the service which the people proposed to call him to perform, I certainly should have opposed his election. I know that in his case the office sought the man.

Until having read the Tribune's misstatement I had never thought of the subject in question. In justice to myself I must say that were the deputyship offered me I should certainly decline it. My strongest motive in so doing would be the knowledge that Mr. Aube needs no deputy. Furthermore, I have his personal assurance that he intends to attend personally to all the duties of his office, and in fact will be the Clerk and Treasurer of Ormsby County.

In this connection I would warn the public against believing all the rumors they may hear or read concerning the Silver party.

Respectfully,  
M. D. NOTEWARE.

#### Thanksgiving Turkey Shooting.

Jim Wiggins has made preparations to have about 200 fat turkeys on hand in Empire for the annual 200 yard Thanksgiving shoot. On this occasion he has decided to knock the price of single shoots down to 25 cents so that the whole community can get in, if they desire Shotgun shooting at chickens 45 yards will be served out at the same rate. No shot larger than No. 6 will be allowed in the shooting, and the chicken must be knocked prostrate. The expert wing shots of this section will have a chance to get in the pigeon shoot on the pool system. Twelve dozen pigeons have been secured and good shots can make a haul easy. In the evening a masquerade ball and supper is on the program, and costumes can be secured at the hall. Plenty of stable room for visitors in vehicles and first class music will be on hand. N 12 td

## STEWART'S IDEA OF IT.

### What Caused the Downfall of the Republican Party.

Yesterday the APPEAL asked Senator Stewart to give his views on the general political landslide which he did as follows:

When Harrison joined the gold party and adopted the Force Bill policy, every prospect of Republican success was destroyed. In time of peace and abundant harvests, the party in power is held responsible for depression and hard times. Financial distress follows contraction of the currency with as much certainty as night follows day. Contraction enhances the value of money and reduces the price of property and services. The destruction of one-half of the world's money by the conspiracy which excluded silver from the mint produced a more violent and radical contraction of the metallic basis of the world's money than ever before occurred in the history of man. In the last eighteen years the average range of prices of commodities has declined fully forty per cent. The debtor class and the producing class have grown poorer during all that time, while the money hoarding and bond owning class has prospered and grown rich. The Republican party has been held mainly responsible for the distress of the people, and has been practically destroyed by the domination in its councils of the gold combination. Mr. Blaine was defeated in 1884 because the people wanted a change, and hoped it would be for the better. Mr. Cleveland's administration gave no relief. On the contrary, prices continued to go down. The Republican party in 1888, being out of power, promised to use silver as money equally with gold, and condemned the gold contraction policy of the Democratic administration. President Harrison repudiated the promise, joined hands with the gold ring, and used the entire power of his administration to force up the value of gold and to force down the price of property and services.

On the 8th of November the people were clamorous for another change, hoping that it would be for the better, knowing that it could be no worse. There could be no doubt that the administration was responsible for falling prices and hard times. Some supposed it was caused by the tariff policy of the Republican party; others that it was a violation of the civil service rules; others, that it was intemperance; but plain people knew that the masses were growing poorer; that money was dear and hard to obtain, and all agreed that a change was necessary, whether for better or for worse. A change has been made, and the Democratic party is again in power.

The Peoples' Party have made a vigorous protest against the contraction policy of both parties. The masses are sufficiently educated to begin to understand that it is not the tariff, that it is not the civil service reform, and that it is not the force bill which is needed. It is more money. Silver must be restored to the place it occupied previous to the crime of 1873 as the first step in the great reform movement.

The Democratic party has the power to relieve the stringency and give the country prosperity. If it does not, but adheres to the gold policy of Sherman and Harrison, it will soon be overwhelmed by the people. There is no possibility of more than four years more duration of the grinding process of contraction. If the Democratic administration fails to give the relief demanded, four years hence there will be another change, and the Peoples' party will annihilate both of the old parties by an overwhelming victory at the polls.

#### Is It a Private Office?

TO THE EDITOR OF THE APPEAL—Last night about seven o'clock I stepped into the Sheriff's office to consult with Mr. Alley in regard to a building transaction and before I could take a chair Mr. Botsford came in the door and tapped me on the shoulder with: "You get out of my office," and repeated it. I immediately did as requested and also stated that I thought it was a public office and occasionally at the disposal of a citizen and taxpayer. All I wish to know is: who does that office belong to, Bill Botsford or the people.

Yours Truly,  
WM. G. HALL.

FOR RENT—House of four rooms; good water. Inquire at Catlin's on Warm Springs road. n1tf.

## TONIGHT'S RATIFICATION.

### The Arrangements to Paint Carson Red.

The Silver men of Ormsby, Storey, Washoe, Lyon and Douglas, will meet in Carson this evening and ratify the great Silver victory.

It is proposed to meet the Reno, Dayton and Comstock contingents at the depot, and there forming the procession march along main street South to Peterson's hay yard, turning West to Noteware's and then North to Stewart's house, where Stewart, Newlands and Surveyor General Jones will be taken in an open barouche and four horses to the Opera House, where there will be short speeches by Stewart, Newlands and other Silver men from Reno, Virginia Carson and Dayton, and it is proposed to limit the speeches to five or ten minutes.

There will be transparencies, fireworks, music, etc. Today the ladies of Carson will decorate the stage. All ladies wishing to assist will be at the Opera House between 10 o'clock and noon today.

There will be no attempt to "grab it" to defeated candidates or make it savor of a Democratic jollification. It will be simply a silver ratification and nothing else.

The Comstock Glee Club will come down to sing and the affair will be simply "a barn burner."

Washoe county is arranging to outfit Storey with its transparencies and the Storey men say they will come by train, private conveyance, and some will walk to be here if the train won't hold the crowd. The fare will only be one dollar for the round trip, and a free train will run from Empire.

Attend the Chrysanthemum and Fan display this evening, before painting the town red. Admission free.

The APPEAL acknowledges the receipt of some Wiener sausages from Muller & Rosser, on which to celebrate.

William Musgrove came in yesterday and for the first time learned of the result in Ormsby. He nearly fell off his wagon.

Mr. Bartine is still very ill and unable to leave his bed. He is past all danger and his friends will be glad so see him up again.

People not receiving the APPEAL regularly will report to this office. The carrier has a good many new places to look after just now.

Republicans will be assigned reserved seats at the Opera House tonight. Since the election however it is very hard to find one.

Frank Golden is talking about building a competing railroad from Salt Lake City to San Francisco, via Reno, from the proceeds of his bets on the election.

Strange as it may appear to the Tribune, the editor of the APPEAL is not a candidate for the Sandwich Islands Missions. We can't possibly enjoy life outside of Carson.

Hon. W. M. Stewart will receive every vote in the Legislature for United States Senator, except those of a few hold-over Senators who were supposed to be friendly to the great champion of silver when they were elected.

#### Clara Morris.

Lovers of the emotional in acting and of the standard drama, will be pleased to learn of the forthcoming visit of the greatest exponent of that style of a ting yet produced by America. Clara Morris is today without an equal in the portrayal of the standard drama. She appears at the Opera House Friday evening, November 18th, in Claire, a play she, for the most part, wrote herself, and one well calculated to display her wonderful ability. A company of unusual excellence surrounds her.

For the latest designs in solid silver ware, go to Frank Golden's.
